TCI to Discuss “Digital Transformation of Lending” at Lend360

Panel Session Will Describe How New Technology Drives Online Lending; TCI Will Also Demonstrate Its Cloud-based DecisionLender 4 LOS

Islandia, NY, October 2, 2017 –Teledata Communications Inc. (TCI) (www.tcicredit.com), a provider of cloud-based loan origination solutions for credit unions, banks and finance companies, announced that Bill Nass, its president and co-founder, will participate in the panel discussion “The Digital Transformation of Lending” at Lend360. The conference is scheduled for October 11-13, 2017 at the Fairmont Hotel in Dallas. The session will take place at 11:30 am on October 12. TCI will also showcase its DecisionLender 4 cloud-based loan origination platform during conference exhibition hours. TCI will be located at booth #57.

In his remarks, Nass is expected to share his perspectives and experiences on several factors driving the adoption of online lending. Among the topics he expects to cover are evolving consumer preferences, compliance and security mandates, and demands among lenders for more configurable and intuitive loan origination platforms. He will also use real-world examples that illustrate how traditional lenders successfully transitioned to online lending by leveraging cost-effective cloud technology.

TCI will also schedule ongoing demonstrations of its DecisionLender 4 platform throughout Lend360. DecisionLender 4 is a single platform that facilitates

all online, direct, and indirect consumer loan origination processes. Its interface is optimized for both desktop and mobile devices, enabling users to apply for loans from any location.

“Competitive pressures are forcing internet-based lenders to constantly increase productivity and efficiency while also satisfying the expectations of savvy consumers,” explained Nass. “DecisionLender 4 was developed specifically for these lenders that need precision and security to succeed in online lending. We are eager to showcase this proven platform at Lend360, which has evolved into a single consumer loan origination solution for online lenders.”
