TCI To Demonstrate Risk Management and Compliance Tools at CUNA Government Affairs Conference

DecisionLender 4 Enables Credit Unions to Mitigate Risk, Streamline Workflows and Meet Reporting Mandates

Islandia, NY, February 10, 2017 –Teledata Communications Inc. (TCI) (www.tccredit.com), a provider of cloud-based loan origination solutions for credit unions, banks and finance companies, will showcase the robust risk management, compliance, and loan processing capabilities of its DecisionLender 4 loan origination solution at the CUNA Governmental Affairs Conference (GAC). The event will take place February 26-March 2 at the Washington Convention Center in Washington, DC. TCI will be located at booth #468 throughout the exhibition.

A single solution that facilitates both direct, indirect and online loan origination processes, DecisionLender 4 offers numerous tools that help credit unions mitigate risk, streamline workflows and meet compliance requirements. Through the system, lenders can track, manage and enforce policy exceptions, monitor production and auditing reports, authenticate applicants, and quickly adjust internal rules and procedures to expedite loan decisioning and reporting. As a cloud-based platform, credit unions can quickly adjust rules and workflow changes without using IT resources.

“Consumer demand for faster loan decisioning and processing has placed a burden on lenders, which must

balance customer wishes with the need to properly manage risk and adhere to compliance requirements,” said Barry Kirby II, TCI’s vice president of sales. “DecisionLender 4 is an ideal solution to address these critical challenges. Its risk management features and robust reporting capabilities give credit unions the assurance they need, while delivering powerful automated loan origination capabilities that ensure lenders remain competitive in any market situation. We’re eager to attend the CUNA GAC and demonstrate that DecisionLender 4 is the ideal single solution for LOS needs.”
