

## DELIVER A TRULY DIGITAL EXPERIENCE WITH E-SIGNATURE

Offer your borrowers and accountholders the digital experience they expect by providing them with eSignature for all their contracts and account opening documents. With DecisionLender 4, eSignature is fast, simple, and secure. Documents and loan packages can be electronically signed in minutes, at any location— even when the cosigner is somewhere else!

Provide your dealers and borrowers instant loan finalization with DecisionLender 4 and eSignature, and you'll be on your way to closing more deals!

With our comprehensive eSignature services, you can enjoy:

- Immediate integration with multiple e-signature providers including SmartSign, eSign, IMM, and eOriginal
- Responsive design for use on multiple devices, including the iPhone, iPad, Android and Blackberry
- Instant delivery of document copies to clients via email or download
- Real-time retrieval of watermarked electronic copies

“

With eSignature, documents and loan packages can be electronically signed in minutes, at any location.

”

“

Give your consumers a truly digital experience.

”

- Full compliance with UETA and ESIGN requirements and with corporate and regulatory retention requirements for business transactions and documents
- Electronic conversion of signed documents to paper originals, with the same legal standing and effect as paper-signed documents
- Automatic delivery of forms to your imaging system and your core
- A protected e-signing room

Are you ready to give your consumers a fully digital experience and the fastest lending and account opening process around? Call TCI today and discover all the ways DecisionLender 4 can be tailored around your needs for digital branch development.

## Why TCI?

Founded in 1982, Teledata Communications, Inc (TCI) is the provider of DecisionLender 4, a complete consumer loan origination platform (LOS). DecisionLender 4 is completely configurable, hosted in the cloud, and supports branch, online lending, indirect auto and merchant lending, and deposit account opening. The robust decisioning engine is the most versatile on the market, enabling manual or automated workflows. With over 130+ different 3rd party integrations ranging from alternative data sources, to fraud protection, to esignature and more, DecisionLender 4 truly empowers you to do business YOUR WAY!
